DETAILED ACTION

The amendment filed on 10 June 2004 has been entered and overcomes the rejections of the claims.

Allowable Subject Matter

1. Claims 1-4, 9-13, 18, and 21-28 allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 10, the prior art of record neither shows nor suggest an organic EL cell comprised of, in part, a first sealing film of an inorganic material formed on the cathode of the laminate structure; a second sealing film of an organic material formed on the first sealing film; and a third sealing film of an inorganic material formed on the second sealing film, along with the other limitations of the claims.

Due to their dependency, claims 2-4 9, 11-13, and 21-28 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
